Mt. Carmel, Utah. February 10, 1934.

Mr. T. H. Humpherys, State Engineer, Salt Lake City, Utah.

Dear Mr. Humpheries:

At last I am again able to make another remittance on that LONG VALLEY ASSESSMENT LIST. You will find inclosed a W.W.CLYDE&CO. check No. 16809 made out to Lynn Harris for \$4.00 and a Chamberlain Store check No. 2903 made out to Hyrum Stevensfor \$4.56, also a Postal Money Order made out to you for \$16.95 making a total of \$25.51 which is to be applied on the assessment list as follows:

MUDDY IRRIGATION COMPANY

Mr. Stevens of the Muddy Co. still protests that he thinks the 1928 assessment of \$8.90 has been paid.

I am not in a possission to know so I got what I could out of them. Even that was paid grudgingly and under protest by the stockholders of that Co. because they are on a tributary of the creek and seldom, if ever, get any direct service from the Water Commissioner. There are several other water users who are similarly situated but nome have made so much fuss about it as these fellows.

ISAAC C. SPENCER

This is only a little more than half of what they are listed for but is all that has been collected to date.

ALTA M. SORENSEN
This is all that has been charged against these people.

he list. - \$ 1.00 /927

These people still owe \$1.65 according to the list. They said they would pay some more later.

EDWARD CARROLL

Total - - - \$25.51

JOHN BROOKSBY told Mr. Heaton that his water was not of much value and he didn't care if his title was suspended. Therefore he left off paying his 1932 assessment of .65¢.

This is about all there is to report so far. This has been a rather disagreeable job and I am sorry that it is still incomplete.

Yours very truly,

Bist Gardner
